

September 2005

Applicant: City of Palm Springs

Applicant Representative: LSA Associates, Inc.

Project Name: Gene Autry Trail Widening

Receiving Water: Whitewater River

Location: 33° 51.65' N. Latitude, 116° 30.37' W. Longitude

Project Description: This proposed project consists of widening Gene Autry Trail from two to six lanes between Vista Chino and north of E. Via Escuela and to continue to widen Gene Autry Trail from two to four lanes northward towards the Union Pacific railroad bridge and I-10 to provide increased roadway capacity. North of E. Via Escuela and south of the Union Pacific railroad bridge, Gene Autry Trail crosses the Whitewater River with an "Arizona crossing." The proposed project is located on Tribal and non-Tribal lands. The project will increase pavement to the roadway by 0.06 acres within the Regional Water Quality Control Board's jurisdiction.

Action: Pending
